The Board of Directors is of the opinion that it should hold an authorisation to increase the share capital with up to 50% of the share capital and therefore propose to renew the existing authorisation.

The Board of Directors considers it expedient that the general meeting grants such an authorisation to enable the Company to fund new investments, either by raising equity through issue of new shares or by offering shareholders of potential target companies in full or in part as shares in the Company. The Company continually considers potential investment opportunities.

The Board of Directors proposes that the general meeting makes the following resolution:

- 1. In accordance with the Norwegian Public Limited Liability Companies Act section 10-14, the board of directors is granted an authorisation to increase the share capital of the company through issuance of new shares with a total par value of up to NOK 1,330,749.15, corresponding to 133,074,915 shares, each with a par value of NOK 0.0 1. - 5. The authorisation comprises share capital increase by non-cash payment or a right to charge the company with special obligations, cf. the Norwegian Public Limited Liability Companies Act section 10-14 (2) no. 4. The authorisation comprise resolutions to merge pursuant to section 13-5 of the Norwegian Public Limited Liability Companies Act.
- 6. The board of directors is given authorisation to change the articles of association regarding the size of the share capital in accordance with such share capital increases as decided by the board of directors under this authorisation.
- 7. The authorisation is valid until the annual general meeting in 2020, however not later than 30 June 2020.

Item 11 - Proposal to authorise the Board of Directors to purchase own shares

On 24 May 2017, the Board of Directors was granted an authorisation to acquire own shares with a par value of up to NOK 28,673,611. This authorization expires upon the annual general meeting in 2018. The Board of Directors considers that it should hold an authorisation to acquire own shares and proposes that the general meeting authorises the Board of Directors to acquire own shares with a par value of up to NOK 26,614,983 in the Company, corresponding to 10% of the outstanding share capital

after the share capital reduction in 2017. Such an authorisation will give the Board of Directors flexibility and modes of actions, *inter alia*, in connection with investments where the consideration may consist of shares in the Company or through buy-backs with a subsequent cancellation

The exercise of the authorisation will always be subject to the general principles on equal treatment of shareholders. An additional condition for exercise of the authorisation is sufficient equity balance and liquidity.

On this background, the Board of Directors proposes that the general meeting passes the following resolution:

- 1. The board of directors is authorised to acquire own shares in the company, on one or several occasions with a par value of up to NOK 26,614,983. The authorisation also includes contract liens in the shares of the company.
